MERN Practical Question Bank - Index

Mapped to MERN_Practicals_1-9_Final.pdf (page numbers are PDF pages)

Q	Question	Practical	Page
1	Operators and control statements	1(e)	2
2	Functional component with welcome message in App.jsx	3(e), 3(a)	14, 8
3	Variables and sum function	3(c) (JS: 1(d))	11 (2)
4	API to add user details (Express + MongoDB)	9(a)	77
5	React form to send user data to backend	9(b)	79
6	Form component showing input dynamically	4(d)	20
7	Retrieve and display user data from MongoDB	9(c)	83
8	Send JSON response from server	6(d)	40
9	Basic CSS on a React component	3(d)	12
10	Create database and collection in MongoDB	7(b)	48
11	React form to send user data to backend (repeat of Q5)	9(b)	79
12	Factorial in JavaScript	Not in PDF	-
13	Arrays in JavaScript	2(b)	4
14	Arrow function	2(c)	5
15	Multiple functional components in one app	4(a)	17
16	Live date and time, updates every second	3(f)	15
17	Square and cube component (React)	Not in PDF	-
18	Student marks array of objects, total by function	2(f)	6
19	Student details using JSX	3(b)	10
20	Sum of two numbers shown on web page	3(c)	11
21	Component styled with external CSS file	3(d)	12
22	Square and cube component (repeat of Q17)	Not in PDF	-
23	map, filter, reduce	2(d)	5
24	Student object and its properties	2(e)	5
25	Student details array of objects, display by function	2(f), 2(b)	6, 4
26	Largest of three numbers	Not in PDF	-
27	Arithmetic, comparison, logical operators with control statements	1(e)	2
28	Multiplication table with loop and template literals	1(f)	2-3
29	Simple functional component rendered in App.js	3(e)	14
30	Create REST API; date/time component	8(a); 3(f)	59; 15
31	Use GET API	8(b), 5(d)	63, 29
32	List from state using map()	4(e)	21
33	Counter interface	4(f)	22

Q	Question	Practical	Page
34	To-do list interface	4(f)	22-23
35	Different routes in Express	6(c)	38
36	Different routes in Express (repeat of Q35)	6(c)	38
37	Display database records in React	8(f), 9(c)	74, 83
38	Update using UI	9(d)	87
39	Filter functionality on displayed data	5(f)	32
40	Multiple components on a single page	4(a)	17
41	useState to manage and update data	4(c)	18
42	Fetch data from API in React	5(d), 8(c)	29, 65
43	Pass data between components using props	4(b)	18

Rows shaded red (Q12, Q17, Q22, Q26) have no direct practical in the PDF.
